I/we wish to install a TransACT broadband internet service and/or phone service and/or pay TV service at the above premises.

The installation of the cable requires:

1. the attachment of a cable to the premises
2. the running of cabling inside the premises; and
- 3 the fitting of installation point/s onto the inside walls of the premises.

I/we hereby acknowledge that I have sought all the relevant approval from the landlord/agent and I accept the responsibility for any future claims made by the Landlord in relation to the installation of my internet/telephone/television service provide by TransACT.
